DETAILED ACTION

Specification

The specification is objected to because an incorrect patent application number is recited on page 1, line 1. The correct serial number is 10/016,227, not 10/106,227.

Applicant should also amend the specification to insert "now Patent 6,655,316" following "October 31, 2001."

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The following recitations are noted to lack antecedent basis: **in claim 1**: "the valve bonnet" in line 8 and "the sidewalls" in line 15; **in claim 9**: "the grommet" in lines 18 and 19 and "the sidewalls" in line 19; **in claim 10**: "said hand wheel" in lines 2 and 3; **in claim 15**: "the valve bonnet" in lines 5 and 17, "the grommet" in lines 12, 14 and 17, "the sidewalls" in line 13 and "the valve body" in line 17; **in claim 19**: "said grommet" in lines 2 and 4, "said sleeve" and "the sleeve" in line 3, and "the grommet" in line 4; and **in claim 20**: "said valve bonnet" in line 3.

Allowable Subject Matter

Claims 1-22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
